# This is the main entrance for Deansgrange Library

The entrance is two sets of  
automatic doors which open slowly.  
Sometimes they make sounds  
like beeping or clacking

I will enter through the main door to the library and this is what I will see

I can use the map at the entrance to find where I want to go

The Junior Library is on the left

The Adult Library is on the right

I can go to the desks in the library to ask questions

I can go to the desk in the Junior Library

Or I can go to the desk in the Adult Library

There are lots of different people in the library who I can talk to.

I can ask staff for help. They wear blue lanyards.

The library is normally quiet. People talk quietly, relax and read books.

Sometimes the library runs events, and it might be noisy and busy at those times

If it is noisy, I can wear my ear defenders or ask to borrow them from staff

I can study or read  
at the desks

I can borrow lots of different things to take home from the library

at the back of the library
